The next year would be the best time to ask the Bg Commr to call the attention of the Treasury to the practice of allowing Bankers a higher rate of interest than that allowed on Savings Bank deposits, which has caused much dissatisfaction. If that course meets with his views it will be desirable to have the Rules for the Savings Bank amended accordingly.

from the Comptr, Mysore
Govt

The investment of Rs 24,000
was accepted from Mr Doddanna
to found an A V School
in the Bangalore city (Mr 6)

A further communication
is awaited from the Govt of
Mysore & the President of the
Bangalore City Municipal
as to the ~~details~~ standard
of instruction and other
details connected with the
proposed school

The Comptroller in his
letter No 280 D 13 11th July 1901
suggests that the deposit
of Rs 14000 made by Mr
Doddanna may be
withdrawn from the Govt
Savings Bank and invested
in Govt of India securities
in the name of the Dewan
of Mysore, as in the case with

with all Trust Funds &
the procedure to be observed
in dealing with such Funds is,
as pointed by the Comptr
in his letter No 6570 x d.
8th June 1901, that the
Comptroller should take
charge of the Funds, and
invest the same in Govt
of India securities when
favourable opportunity
offers itself, while the
keeping of the accounts connected
with the Funds should be
done by the officers who
administer the institutions
for which the funds were
formed

This is now
before the Dewan
It was ordered to
be submitted to him
by the Secretary
on 21-6-01

To adopt the same
procedure in the present
case, Mr. Doddaswamy will
perhaps have to be consulted
While he first proposed the investment
of Rs 14000, he had requested that
Govt should allow a more favourable
rate of interest, as the object for

for which the investments is made is a charitable one But he was informed that a higher rate of interest than what is allowed in Post Savings Bank, was not possible, (during the minority of H H the Maharaja) thereupon he accepted the rate of interest allowable in Post savings Banks and added proposed to the investment a sum of Rs 10,000 the amount of his Policy in the New York Life Insurance Company, when that amount becomes payable

× Rs no 4

× Rs no 5

Which is the more favourable investment (whether for the present (during the minority of H H the Maharaja)) the Mysore Post Savings Bank or the Post of India Securities will depend upon the interest allowed in each case.

It is stated that Mr Doddanna has applied for a site near the northern entrance to the Fort, Bangalore city which probably belongs to the Municipality. It is not clear why this site has been now chosen in preference to the one in Gavigerpete. Has the location of the school in that street been considered undesirable on sanitary or other grounds -

2 Does Mr Doddanna's present proposal "to endow sufficient funds to meet the expenses of working this school" mean that, case a site is given him free for the school, he does not restrict his donation to Rs 24,000/- first offered by him, but will deposit as much more as may be necessary

With reference to your Docket No 16389/Ed 342 dated the 5th April 1902 I have the honour to inform you that the estimate of the monthly cost of an Anglo-Vernacular School in Bangalore teaching up to the English Lower Secondary Examination is Rs 131 The amount proposed to be invested by Mr Doddanna can not yield an income of Rs 131 The Deputy Commissioner and Mr Doddanna were informed so and Mr Doddanna was given the details of the cost of monthly establishment As the latter has not yet informed me that he is prepared to make provision for a monthly establishment of Rs 131 exclusive of rent or investment in a suitable building, I have not been able to give the information required by Government

in para 5 of order No $\frac{179-181}{Ed\ 5}$ of 4th July 1901 Mr Doddanna wants the school to teach up to the Lower Secondary Examination and insists on making it free Such a school can not be aided by Government, since to aid such a school would be harmful to all other Government and aided schools in the same town. The entire cost of such a school has to be provided from an endowment fund An Upper Primary or Lower Primary Vernacular School would cost Rs 60 or Rs 35 respectively.

With reference to your docket No 17672/Ed 367 of the 3rd May last, on the subject of Mr. Doddanna's school, I have the honor to state that, Mr. Doddanna's application for the site was placed before the City Municipal Board, and a copy of the resolution is enclosed

2 Mr. Doddanna proposes to spend Rs 10,000/ for the construction of the school house from his separate funds and to supplement his former endowment of Rs 14,000/ by an addition of Rs 15,500/ which he has since invested in the Government

Savings Bank, and would transfer it immediately in the name of Government provided the whole amount is taken up by Government under the Munro rules at 5%, or the Bank of Madras is moved to grant a higher rate of interest on the "fixed deposit" system If these proposals do not meet with the approval of Government, he solicits permission to purchase Railway Debentures, carrying interest at 5% per annum

3 The concession prayed for is admissible under Government Proceedings Nº 492-500-22 Munro dated 9th August 1822, sanctioning favorable rates of interest on moneys deposited by private individuals on behalf of charitable institutions or objects Such a concession was also granted to Polepalle Subbiah Chetty when he deposited Rs 12,000/ for the maintenance of the chatram constructed by him near the City Railway Station (Vide Government Order Nº Ca up 23 Munz dated 16th

4 Mr Doddanna proposes that the school should impart free education up to the Middle School — (Lower Secondary) Standard

5 I request the favor of early orders in the matter, as Mr Doddanna proposes to commence work on the day of Installation of His Highness the Maharaja

6 A copy of Mr Doddanna's letter of the 14th Instt, and the plan received with the docket under reply, are enclosed

Re Endowment for a free School

In reply to your letter dated 9th June 1902, I beg to state as follows

I have already furnished a plan of the building that I mean to construct which has been approved & I proposed to spend about Rs 10,000/- for the said building I learn that the Board has resolved to grant me a Site free of cost

I have already stated that the teaching to be imparted in

will be up to the Middle School standard, and that too free

In addition to the Rs 14,000/- that I have already paid, I have since invested 15,500 Rs, as per Separate Pass book No. 4,354 issued to me from the Treasury Officer, Bangalore District

My main contention is that my money should be taken up by Government under the Mysore rules and that I should be paid the higher rate of interest by 5 per cent per annum

If this course is feasible, I am prepared to transfer, at once, the further Sum of Rs 15,500/- referred to above, to the Pass Book account which has already been handed over to you In this question

is finally settled, I may be permitted to negotiate for the purchase of Railway Debenture Bonds which carry 5 per cent interest or to arrange with the Madras Bank for a higher rate of interest on the fixed deposit System or to allow me to make up the deficiency of the cost of maintenance Rs 30,000/2 of endowed will amply suffice for the maintenance of the School according to Mr Bhabha's proposals Thus I have done

I have already stated that I will undertake the Construction of the building myself, Should I proceed

for this purpose

I pray that early orders may be passed, so that the work may be commenced on the day of the Installation of His Highness

The above correspondence relates to the proposal of the Doddamma Setty of Bangalore to found a free A V school of the L S standard and to endow sufficient funds towards the upkeep thereof, besides constructing a school house at his own expense

~~first as regards the endowment,~~ A sum of Rs 24 000 offered by

by Mr Doddanna was
accepted by Govt in their
Proceedings No 179-87/ED 5
d. 4th July '07 As however
only a portion of the amount
was ready money capable
of immediate investment and
the cost of an A.V school
of the proposed Standard was likely to be much larger
~~altogether~~ than ~~beyond~~ the income that might
probably be expected therefrom
~~from~~ Doddanna, ~~on further~~
~~correspondence~~, has now
~~increased to~~ supplemented
his original offer by Rs 15,500
more, having ~~and in fact has~~ he
~~deposited~~ deposited the amount
in the Bangalore Dt Treasury
He requests that the
whole of the endowment fund
may be ~~accepted~~ taken over by Govt,
and a suitable investment
made, ~~and the~~ so that the

the cost of the school
and other charges connec
ed therewith may be
met from the proceeds
of such an investment

3 Secondly For as regards the
accommodation required
for the proposed school,
Mr Doddanna is pre

of Rs 10,000 and in
order to secure a suitable
site, he has applied for
the free grant of a piece
of land near the northern
entrance to the Fort,
Bangalore cty, measuring
about 3 acres & 30 guntas
and he has also submitted
a plan of the proposed building
that he proposes to

the Municipal Board

granting the land free

should be made available
for public meetings

4. Govt are pleased to
accept the further offer of
Rs 15,500 and direct that
it may be placed at the
disposal of the Comptr, who
will, ~~on~~ after interest is secured,
invest the total amount
~~received~~ viz Rs 29,500 in ~~the~~

bearing interest at 3½ % per annum

3 The site ~~applied for by the~~
Doddanna will be granted free
of cost subject to the condition
proposed by the Municipal Board

The free grant of the site on the condition imposed by the Mun. Bd is also sanctioned

Sir,

It is nearly three years after I made the proposal for construct g and endowing a School The accompanying End no 522 of 14/19 May 1903 given to me by the President of Bangalore Municipality leaves the matter still in great doubt regarding the time within which I may be permitted to begin the Construction & building

An auspicious day according to Hindu notions for commencing the building will be found only during the current month which if not taken advantage of I may have to wait for several months I shall therefore feel obliged by your kindly getting me orders to Commence the building at once

The levelling of the Surroundings by the 40 Prisoners now engaged may occupy considerable time, but I submit that there could be no objection for my Commencing the building on the spot allotted and shown

to me As this process of showing the spot may not take more than a few hours, I shall feel obliged if prompt orders were given with reasonable, certainty Shortness of life is the only excuse to trouble you again in this matter
